

## Company Profile

ABM Global Solutions, Inc. (AGS) is the business solutions provider of choice offering applications software and implementation services across industries. It has revolutionized the business processes of the top corporations in the Philippines and in South East Asia. AGS, with a corporate office in Indonesia, is a wholly-owned subsidiary of ePLDT, the Philippines' premier information and communications technology company.

## Our People

AGS is focused on providing our clients with skilled and highly qualified pool of consultants who can deliver SAP, eProcurement, and Microsoft Dynamics AX full-cycle implementations and support services. Our team is composed of business process specialists, industry experts, and certified SAP consultants and Procurement professionals— all integral in building and upholding AGS' reputation as a world-class business solutions provider.

## Our Legacy
